☐ Primary ____ ☐ General ____ ☒ Other Special Election

☐ 1st pre-election ☒ 2nd pre-election ☐ Supplement to 2nd pre ☐ Post-Election
☐ Supplement to Post ☐ Supplemental ☐ Initiative Drive

TESTIMONY:

I, Susan L. Anderson, was responsible for the processing of paperwork, not our treasurer, Alice Carlson. This was the first (and only) time either of us have had a PAC in Oregon.

In mid-January, 2004 I received an exam letter regarding our 2nd Pre-election report which listed several errors and missing information. At the end of the letter was a note stating that I had only to correct the items on my records, which I did, and that no amendment was necessary. (I have enclosed the letter and my corrected reports.) I understand now that the note referred only to the summary page, not the entire report. Had I realized at the time it did not refer to the whole report, I would have filed an amendment immediately.
