TESTIMONY:

B.E. Caldwell (541·386·2669) volunteered to be our treasurer in June of 2004 and I figured, he's a CPA & he's been a treasurer for a PAC he'll do a much better job than I ever could. I gave him ~~the~~ your form to change treasurer & 2 boxes of records. I touched base with Mr. Caldwell once before our Aug. Fundraiser and twice after asking the same questions, "Need help? What can I do?" I was in Mr. Caldwell's office on Sept. 26th or 27th when he tells me he cant be our treasurer. Mr. Caldwell (Gene) has MS and he has good days & bad days. - I've noticed that. I'm sure health intered into the decission & also, he got into a heated discussion with someone in your office. (I didnt ask - he volunteered this information.) So to fix all this I became treasurer again, worked on the report the evening of the 26th, all day the 27th (with Gene's help) but we didnt get it done until evening of the 27th. Takes me 12 hrs + ~~do~~ to do your report after our fundraiser. To me this seems like something that was out of my control.
