I dispute the allegation that the name of the payee for one expenditure was insufficient. My campaign purchased advertising in "The OSTA Review." The name I originally provided you was "The OSTA Review" which is the name of the magazine. The OSTA Review is published by Manufactured Home Owners of Oregon, Inc. formerly known as Oregon State Tenants Association. Attached is the front inside page from the magazine. I contend that The OSTA Review is not an acronym, but the actual name of the payee. Therefore, the insufficiency should be removed from the record and no civil penalty assessed.

MISSION

Our overall mission is to enhance the livability of
manufactured / mobile home park living. We are a
statewide grass roots organization which endeavors
to make changes which will benefit those of us who
own our homes and rent or lease the ground on
which they are sited. There are several ways in
which we work to accomplish our mission.

Help those who are living in parks where there are
problems with park management by showing them
how to form a home owners' association.

Encourage residents to join our association and form
a chapter. Explain to residents how this allows them
to speak with one voice when dealing with park
management as well as State Government.

Educate people who live in manufactured / mobile
home communities as to the rights afforded them
under Oregon Revised Statutes. Teach park residents
how to effectively stand up for their rights.

Offer guidance to member chapters when legal
issues arise between the residents and park
management.

Work year round with individual legislators as well
as other organizations which have similar interests
to ours to get legislation passed which will benefit
all who have chosen the manufactured / mobile
home park life-style.

Keep our members aware of the status of our
legislation so they can contact their State Senators
and Representatives and make their voices heard in
Salem.
