RE: Case Number 19410

Dear Ms. Ferry:

We disagree with your findings and request a public hearing in the case referenced above.

We submitted an amendment to the 2<sup>nd</sup> pre-election report on May 30, 2006. We were given verbal assurances that our report was received in a complete and timely fashion. We also question the timeliness of this proposed penalty as our committee has been discontinued for almost 2 years.

Sincerely,

Dianna Pauley McCoy  
Treasurer
